

V-Nose Snowmobile Trailers need a ProSeries SnoCap

Flat Nose Trailers need a Sport Series SnoCap

Dovetail Trailers need a custom SnoCap

Side view of dovetail trailer

Key

Every Trailer

W - The inside width of your trailer.

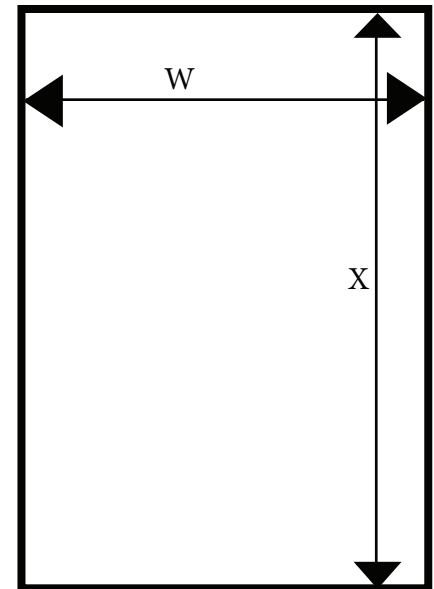

X - The length of the sidewalls of your trailer.

Dovetail Trailers

Y - The length of your trailer from the front to where the dovetail begins.

Z - The depth of the dovetail's drop.

Other trailer types will need a Custom SnoCap.

These drawings are not to scale, this is to show you what measurements you need to order your SnoCap. In the case of custom SnoCaps there may be more measurements needed.
